

A vibrant, close-up photograph of a tree trunk and branches. The tree is decorated with numerous colorful Leonidas Easter eggs in shades of gold, green, pink, blue, and red. Some eggs are hanging from the branches, while others are scattered on the mossy ground. Two chocolate Easter bunnies are visible: one is a dark brown bunny peeking from behind a branch in the upper right, and another is a lighter brown bunny sitting on the ground in the middle right. The background is a soft, out-of-focus blue sky with light clouds.

La boîte à bonheurs

"I wanted to make the luxury of chocolates accessible to everyone."

Leonidas Kestekides

The mission of our company has remained unchanged since it was defined by our founder. Since 1913, Leonidas has generously shared its passion to create the most delicious chocolates and chocolate products in the world. We consider chocolates as more than just a recipe: each tasting is a moment of pure delight.

The Leonidas brand has been present in France for 50 years, with around 300 shops.

Our commitments

100% pure cocoa butter

Made without palm oil

Sustainable cocoa

Made with passion and ingredients rigorously selected by our Master Chocolatiers, each Leonidas chocolate is a symphony of flavours and textures. To guarantee the authenticity and quality of our chocolates, our recipes are made with care and high standards, without palm oil. All our chocolates are of course guaranteed out of 100% pure cocoa butter.

Leonidas has opted for sustainable cocoa in the production of its chocolates. What could be more natural, given that our mission is to create moments of happiness for everyone, than to care about human beings and nature.
